Notice:

Matthew 17 (KJV)[i]Think not that I am come to destroy the Law, or the Prophets. I am not come to destroy them, but to fulfill them.

Matthew 18:15-19 (KJV) 15 Moreover if thy brother shall trespass against thee, go and tell him his fault between thee and him alone: if he shall hear thee, thou hast gained thy brother. 16 But if he will not hear thee, then take with thee one or two more, that in the mouth of two or three witnesses every word may be established. 17 And if he shall neglect to hear them, tell it unto the church: but if he neglect to hear the church, let him be unto thee as an heathen man and a publican. 18 Verily I say unto you, Whatsoever ye shall bind on earth shall be bound in heaven: and whatsoever ye shall loose on earth shall be loosed in heaven.

Matthew 5 [1599 Geneva Bible] 1 Who are blessed. 13 The Apostles are the salt and light of the world. 14 The city set on an hill. 15 The candle. 16 Good works. 19 The fulfilling of Christ's commandments. 21 What killing is. 23 Reconciliation is set before sacrifice. 27 Adultery. 29 The plucking out of the eye. 30 Cutting off of the hand. 31 The bill of divorcement. 33 Not to swear. 44 To love our enemies. 48 Perfectness.

Notification of liability is the first essential element of "Due Process of Law". As silence is acquiescence under the law, silence can only be equated with fraud where there is a lawful, moral or legal duty to speak, or where an inquiry left unanswered would be misleading, whether intentionally or not. [Cf. 5 cfr 2635.101]

On October 7, 2020 while travelling with my husband on Highway 9 heading what is commonly known as North we were apprehended at the US/Canadian border, our property divided and the "car" also known as our "automatic covered wagons" in question impounded as a result of the policies and procedures stipulated by the Insurance Corporation of British Columbia; and, .

As a result of these corrupt and misleading business practices by the attorney(s) that created the documentation regarding "Drivers Licenses" and "Vehicle Registration" and "Vehicle Insurance" we have been substantially damaged, and our life experiences drastically infringed upon; and,

Whereas be it widely and thoroughly known that neither me nor my fellowman fall under the "Class of Person" as defined under the Securities Transfer Act [SBC 2007] Chapter 10 or as defined on the Insurance Corporation of British Columbia's website; and,

Whereas, we are informing you that we do not need a "Legal Persona" or "Legal Name" or "to be registered as a business" to engage in the public and anyone that believes this to be the case is spiritually bereft and mentally deranged of which a brain scan and a psychological examination is required, and be treated for their derangement; and,

Whereas it cost nothing to create the earth and that the earth was created without boundaries, or borders, or titles, and we were not conceived, created, and born with numbers or born for "the pleasure of the governor(s)" or for the pleasure of any member of the "Papal Bloodline":

and now that we know that all licensing and certification is false, we are making it known that titles and land deeds are fictitious, and we reiterate all licensing and certification is false, 13 U.S. Code § 213. "False statements, certificates, and information"; and,

All borders are illusory as the same people control both sides of the border, we are all registered through the "District of Columbia" Panama Canal Zone Government (representing the birth canal being a direct insult to the womb of life); and,

Notice: we now with conscious intent rescind our signature/autograph on all documents/instrumentalities of the government as these signatures/autographs were placed without full knowledge from a state of illiteracy and oversight; we are free inhabitants as we atone so sayeth we; and,

Whereas this truth is in our heart we feel it, he who knows himself knows the law; and,

Definitions:

"A Weasel word"— a word that has the appearance and feel of meaning one thing while meaning something entirely different.

"Debt" Definition from Nolo's Plain-English Law Dictionary

- 1) An amount owed by one person or entity to another (the \$ is not defined in law).
- 2) A cause of action in a lawsuit to recover a set amount owed by another person or entity.
- 3) The total of everything a person or entity owes to all creditors. For example, everything the United States government owes is collectively called "the national debt," and that amount is made up of a number of debts.

"Deception": Generally, deception is the act of causing one to believe information that is not true or an untruth or not the whole truth and includes but is not exclusive to the information that has been withheld; The Federal Trade Commission will find an act or practice deceptive if there is a misrepresentation, omission, or other practice that misleads the consumer acting reasonably in the circumstances, to the consumer's detriment.

"Deception" occurs when a person knowingly:

- (1) Creates or confirms another's impression which is false and which the defendant does not believe to be true;
- (2) Fails to correct a false impression which the person previously has created or confirmed;
- (3) Prevents another from acquiring information pertinent to the disposition of the property involved;
- (4) Sells or otherwise transfers or encumbers property, failing to disclose a lien, adverse claim, or other legal impediment to the enjoyment of the property, whether that impediment is or is not valid, or is or is not a matter of official record; or

(5) Promises performance which the person does not intend to perform or knows will not be performed, but a person's intention not to perform a promise shall not be inferred from the fact alone that the person did not subsequently perform the promise.

The term "**deception**" does not, however, include falsity as to matters having no pecuniary significance, or puffing by statements unlikely to deceive ordinary persons in the group addressed.".

a "**grantor**" is a person or entity that transfers to another person or entity the interest or ownership rights to an asset. Legal documents, such as deeds, detail the transfer of assets between "grantors" and grantees.

The actual "deception" stems from the idea of an entity having the ability to grant or transfer property to another person or entity claiming to have interest or ownership rights of an asset. (The Balfour Declaration was a November 2, 1917 **letter from British Foreign Secretary Arthur James Balfour** to Lord Rothschild that made public the British support of a Jewish homeland in Palestine. The Balfour Declaration led the League of Nations to entrust the United Kingdom with the Palestine Mandate in 1922); This "**deception**" arises from our perceptual misinterpretation as a result of separation consciousness. We deceive ourselves in believing we can own something. **How can we "own" that which we are? It is impossible!**

"**ie/I**": is a compound word representing the expression of life in awareness of self expressed in matter

"ie" is a personal pronoun referring to the biological electromagnetic being, mind, spirit complex

"I" refers to the eternal soul, source, infinite awareness

"ie/I" is synonymous with and interchangeable with (we, us, our)

"**we**": includes yet is not exclusive to this expression born Iorna Lynne also known as goddess/queen-sophia-taniah along with Raymond-Dale also known as King-Zelan all of our offspring separately and jointly from the beginning, and this sentient being known as Gaia aka Earth, it is not to be used to refer to anything that is not real such as the "Legal Name" a "corporation" or anything that is not organic or aligned with the balance of the **Natural World**.

"**attorn**" "at·torn/əˈtɔrn/verb LAW formally make or acknowledge a transfer of something, to someone else." a lord might attorn his vassals service to some other"

"**citizen**" "The etymology of the word, "**citizen**": citizen (n.) c. 1300, citisein (fem. citeseine) "inhabitant of a city or town," from Anglo-French citesein, citezein "city-dweller, town-dweller, citizen" (Old French citeien, 12c., Modern French citoyen), from cite (see city) + -ain (see -ian). According to Middle English Compendium, the -s/-z- in Anglo-French presumably replaced an earlier *-th-. Old English words were burhsittend and ceasterware."

"**Fraud**" in the inducement occurs when a person tricks another person into signing an agreement to one's disadvantage by using fraudulent statements and miss representations. Because fraud negates the "meeting of the minds" required of a contract, the injured party can seek damages or terminate the contract."

"**Color of Law**": means the appearance or semblance, without the substance, of legal right. Misuse of power, possessed by virtue of state law and made possible only because the wrongdoer is clothed with authority of state is action taken under 'color of law' Atkins v. Lanning. D.C.Okla., 415 F. Supp. 186, 188.

If something is "color of law" then it is not law, it only looks like law. If you go to the website for the Office of Law Revision Counsel, you will see that most of the titles of the United States Code are "prima facie evidence of the laws of the United States". Hoffsomer v. Hayes, 92 Okla 32, 227 F. 417

The courts are not bound by an officer's interpretation of the law under which he presumes to act Owen v. Independence, 100 S.C.T. 1398, 445 US 622

"Officers of the court have no immunity, when violating a Constitutional right, from liability. For they are deemed to know the law"

"**Equity** follows the **law**." **Equity** does not replace or violate the **law**, but it backs it up and supplements it. Equity follows appropriate rules of law, such as the rules of evidence and pretrial discovery

At a minimum, the inspiration behind the "**rule of law**" is a sense of order and hierarchy

"**rule of law**": The "rule of law" is a principle of longstanding constitutional value. It is recognized in the preamble of the Constitution Act, 1982, and has been utilized by the courts as important constitutional rhetoric, and also as a doctrine that produced juridical effects in various contexts. At a minimum, the inspiration behind the "**rule of law**" is a sense of order and hierarchy

The "**hierarchy of law**" does not include a man giving him/herself a "title" and imposing the position using military force to impose their position upon another; and,

Whereas every man (male and female) has the innate, intrinsic, inherent, and inalienable right by Natural Law the Law of One the Law of Love to be supported in the breath of life, freedom, security of personal property, security of spirit, in the pursuit of happiness and meaning in life, experiencing life on purpose and with purpose; and,

What we realized is that according to the statutes, acts, and rules that govern **Motor Vehicle Registration**, it does not apply to our private use of "a "car" or "truck" also called, "automated covered wagon(s)", used for ease of travel, for the purposes of Title 26 of the United States Code. Therefore, this is constructive notice that any implied **licensing/certification is false** and every attempt to enforce is illegal and unlawful [see and read Attachment #1 for definitions and points of law published in this online document]

For a point/element to be certified it must first be asserted by way of affidavit with handwritten clarification

As a free inhabitant of earth find it offensive that we have been given so many labels including yet not exclusively "resident alien" [Cf. 26 USC 7701(b)(1)(B)], we have no minimum contacts with the State as legally required to enforce personal jurisdiction. Further, there is no proof on and for the record of:

- A **qualified motor vehicle operating agreement**.
- A separate written statement separately signed by the lessee—Certification by lessee of notice of tax ownership:
 - under which the lessee certifies, under penalty of perjury, that it intends that more than **50 percent of the use of the property subject to such agreement is to be in a trade or business*** of the lessee, and -- which clearly and legibly states that the lessee has been advised that it will not be treated as the owner of the property subject to the agreement for Federal income tax purposes.
- (*where trade or business is defined: The term "**trade or business**" includes the performance of the functions of a public office; 26 USC 7701(26))
- An oath of public office

To demand performance from private (wo)man in the form of licensing, registration, ensuring and certifying their private automobile(s) as an obligation of the United States or to any State/Province is to demand an impossibility, at worst, and a crime, at best (Cf. 18 USC 911; 18 USC 912).

Notice of Discovery

On April 26, 2021 we emailed the car dealership with the intention to determine how this unlawful conversion of property which inadvertently led to this trespass and substantial damages stemming from the administration of property without right/rite/wright. It seems to start with the car dealers sending the MCO/MSO the Manufactured Statement of Origin to the Department of Motor Vehicles. How are the attorneys and lawyers involved in creating the documents, able to achieve the attainment of our "automated covered wagons"? The impression that we are given that we must apply for a "Drivers License", even though there is no non-commercial license available indicates inducement to force commerce upon us; and

We do not wish to participate in the take over of the world by men and women that claim to own us and the earth's resources for their private use; and,

Raymond and Sophia,

Thank you for contacting the GM Heritage Center.

The Manufacturer Statement of Origin (MSO) is the document sent by factory to the dealer.

Once the dealer sells a vehicle to a customer, the dealer sends the MSO to the DMV and it is transferred to the title.

Then the MSO stays with the state. We cannot provide a replacement MSO.

When you purchased your vehicle, you would have been issued a title.

If needed, you could obtain a replacement title through your local DMV.

Sincerely,

ATTENTION: This email originated from outside of GM.

Good day, Kathleen,

We are confused. What is "the state"?

Why are the dealers not given the MSO to the purchaser of the car or truck?

Why does the DMV have an interest in the "automobiles" we are purchasing?

Sincerely,

raymond and sophia

The "State" is the state in which you register your vehicle.

The MSO is given to the DMV so that they can issue a registration for your vehicle so you can drive it on the roads.

I can't say why the process is what it is. Those systems/processes have been in place for many years.
