Easy. NO ONE had authorization for power of attorney over me. The court assigns this; and rarely is it 'authorized' by the party in question.

HYPERLINK "https://www.facebook.com/one2remember143?comment_id=Y29tbWVudDoxNDM5OTMxODc0Njg4NzE0XzI5MTQ0NzgzODg5MzI3Mjg%3D&__tn__=R" Michael Clofort

Erin Dolighan yea when we are born our parents have 7 years to register or whatever as a sovereign citizen if not the government takes our trust but the thing is no one ever knows any of this bc its kept secret that's what the footprint on the birth certificate is for its our bby signature so the government can take the trust that's is legally ours but they dont want to many ppl to know that bc they take that money actually united states dont even own most of them England does our government trades or uses our trust as collateral for loans with other countries and credit we get is by law already paid but the banks do double charging our trust for the loan getting paid off while us paying for the loans also its all a racket. And it takes about 8 r 9 months n court to get ur trust back so it is possible well I e researched some lawyers who claim they can and have gotten trusts back so yea the rabbit hole goes deep with that subject

Erin Dolighan ummm no... the court has NOTHING to do with assigning POA. I have POA over my husband. U literally can print a paper off the internet for POA, U fill it out online or it writing and they sign it. So for ppl who dont read everything they sign they could easily literally sign their rights and life over to someone. U dont even have to have it approved by a court or file it with the court

Miyoshi Bolton you are sadly very misinformed. The all caps name is a scam. Given to yoh to do business with the courts. Upon your 17th birthday you have 7 years to establish your private trust if you dont youre classified and a dead vessel lost at sea. Why we have certificate of births. Which is a boating form to launch a vessel into a body of water via the Birth canal which is the little opening gro. A harbor to any given sea

Morning babe and all 2848 and come back and tell me who had power of attorney over you that you did not give permission to I want you to go get a full year why is the power of attorney needed when when someone is still able to make his own decisions to begin with not that there might be a time when I need a power of attorney to act for me and I know who I'll pick and it shouldn't be a question to who I think somebody should already realized but I really don't believe in death I mean when I say that I mean that and for me to to give power over me to somebody I don't think anybody should ever do that you know and I know that sounds foolish don't take away don't try to twist it this hear me cuz it's a mental toughness that yeah I tried to not get into it all that that's not meaning no disrespect to nobody it's just an inner strength that has to be maintained or I lose it spiritual

So once we ask for this request, they only have so many days to give it to us or they have to start paying us because in many states it's like this. This is how inmates in the state of Washington make a lot of money cause Washington is so backlogged and then they have to start paying the inmate per day. Oh yes, inmates can ask for these requests.

Your given name is first middle and your Family name is the last name. Like on the passport. First Middle Last is the Commercial Person Estate we are to firstly digest that the Juridical person is not the living man or Woman then relearn and choose a different path. #1 there is nothing to fear. 🔥 1 Corinthians 6:19-20

[19]Or do you not know that your body is the temple of the Holy Spirit who is in you, whom you have from God, and you are not your own?

[20]For you were bought at a price; therefore glorify God in your body and in your spirit, which are God's.

Or are we talking about to everyone

COPIED, PASTED, and tweeked from Stevens post because he explained it really REALLY WELL!

I would like to work with you and learn how to reclaim my individual name from the corporate business that they created without my knowledge to steal and siphon off of. I understand the sovereignty thing and I understand that we all have a public charitable trust account, but I'm autistic and I'm looking for a paralegal, or somebody to help me change my status

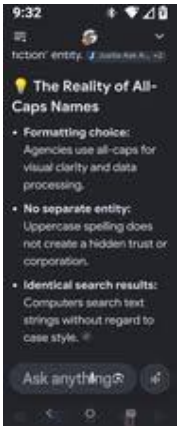

to help me set up the trust account published To file the affidavits correctly for reclaiming sovereignty of myself! Please and thank you. 🙏😊💞
